

HOW YOU CAN HELP US

Leave a gift in your Will

When you write or update your Will, you can also do something incredible: leave a legacy to help us build our network of Hammersley Homes, providing a Home for Life for vulnerable adults suffering from enduring mental illness.

In years to come, a gift in your will could help to fund Hammersley Homes throughout the country. Your legacy can also be dedicated to a specific area of support should you wish.

Your kindness will provide people living with enduring mental illness, as well as their loved ones, the support, safety, security, comfort and friendship they so desperately need – for life.

Your solicitor will be able to advise you on writing your will, or we would be happy to put you in touch with our Will writing partners, who offer a donation of 10% of all fees to support our cause. They will also give advice on establishing a Disabled Persons Trust if required.

HAMMERSLEY HOMES

Support for life for adults who suffer from enduring mental stress

Hammersley Homes

SUPPORT FOR LIFE

Our purpose is to provide support for life, for vulnerable adults who live with enduring mental health challenges and stresses, relieving loneliness, isolation and confusion and replacing with friendship and compassion, and a sense of purpose and belonging to the communities they live in.

OUR MISSION

At Hammersley Homes, our mission is to provide permanent support for adults who live with enduring mental health challenges and struggle with daily life. There is a growing scarcity of long-term supported housing options for this vulnerable group.

Without the safety, security, and sense of community that long-term supported housing provides, they are at risk of falling through the cracks and becoming hospitalised, homeless, or unfairly imprisoned.

FRIENDSHIP, KINDNESS
AND COMPASSION CAN
GO A LONG WAY.

**SAFETY, SECURITY,
COMFORT &
COMPANIONSHIP
– FOR LIFE**

SUPPORTED HOUSING

Residents of our Supported Homes are not defined by their illness; they are encouraged to participate and engage in activities and develop their interests. Trained and qualified staff who understand the complexities of mental health challenges will promote social inclusion, friendships, strengths and interests, whilst understanding that people will need more focused support when distressed. Support is guided by the principle of “Nothing about us without us”, and individuals are provided with the help they need to live their best life, enabling them to live with dignity in a place they can call HOME.

OUTREACH PROGRAMME

Support similar to that provided by our supported homes, is offered by our trained Outreach Visitors, to individuals struggling to live independently, in their own homes or with their families. The purpose is to reduce the loneliness and confusion that is so often present in their lives, and replace with friendship and support.
